ARUUU
@DeputyARUUU

I hadn't planned on tweeting anything about this—until I saw Sinders apology. While I wasn't hurt to the extent others were, it's clear now that I was lied to and used—not treated as a friend, but as a tool.

I first met Sinder during a Twitch Rivals tournament and really looked up to her. We hit it off, messaged a lot, and got even closer at TwitchCon 2022, where I spent most of the day with her and Red. At one point, she noticed I was mutuals with Silvervale (someone I admired since meeting her at PAX) and asked if I could introduce her. I thought she was just a fan like I was.

Sinder invited me to go with her to Silvervale's meet & greet, and it meant a lot to me. As someone who didn't grow up with many social invitations due to being homeschooled in a foreign country, that gesture felt special. But looking back, I realize she only invited me because she thought I could give her access to Silvervale.

After I introduced them, Sinder pushed me to ask Silvervale for a collab. I'm someone who rarely initiates collabs—I prefer to build friendships off-stream first or let things happen naturally. Still, I went out of my comfort zone to help because I believed she genuinely admired Silvervale. Now I know that wasn't true—and realizing she actually harbored resentment the whole time makes me feel completely used. I wasn't a person to her, just a connection.

I did message Silvervale about the collab the first time, but when Sinder followed up again, I brushed it off because I didn't want to pressure her. Over time, I started noticing that Sinder didn't treat me like a real friend—more like a means to an end. Sometimes she made it clear IRL that she didn't even like me, and I can't help but think it's because I didn't push harder for the collab.

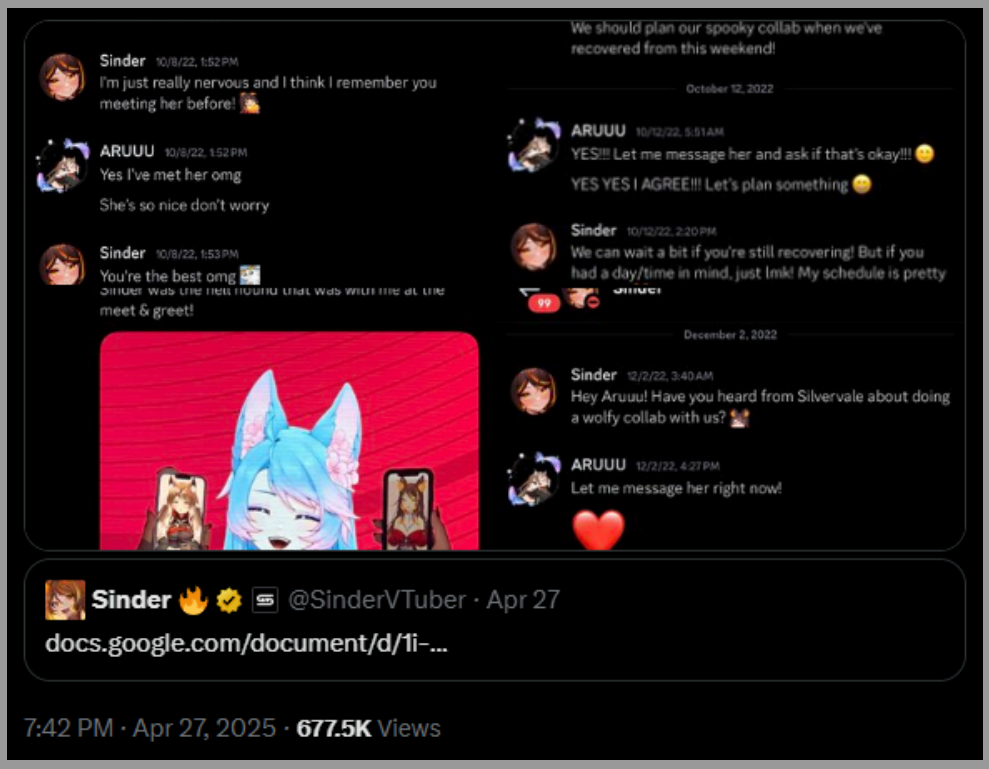
By 2023, our interactions had nearly stopped. Still, I tried to keep things friendly in DMs / IRL because I didn't know how to stand up for myself or set boundaries. That's changed now for obvious reasons. It's hard to say, but Sinder's apology doesn't feel genuine—especially not toward Silvervale. The truth is, Sinder isn't the only one who makes others in this space feel used or small. People like her, Yaki, and others made me feel that the best choice for myself was to step away from vtubing entirely and made me afraid to build new connections. But as I said yesterday, there *are* good people in this space—and they're the ones worth holding onto. Don't let the bad ones stop you from being your genuine self.

To my community, I think I'd like to try coming back to vtubing. When we talked about it last night, hearing how much you all loved the vtubing streams honestly hit me hard. It made me sad to realize I gave up on something I loved just because of the shitty awful people who poisoned the space for me.

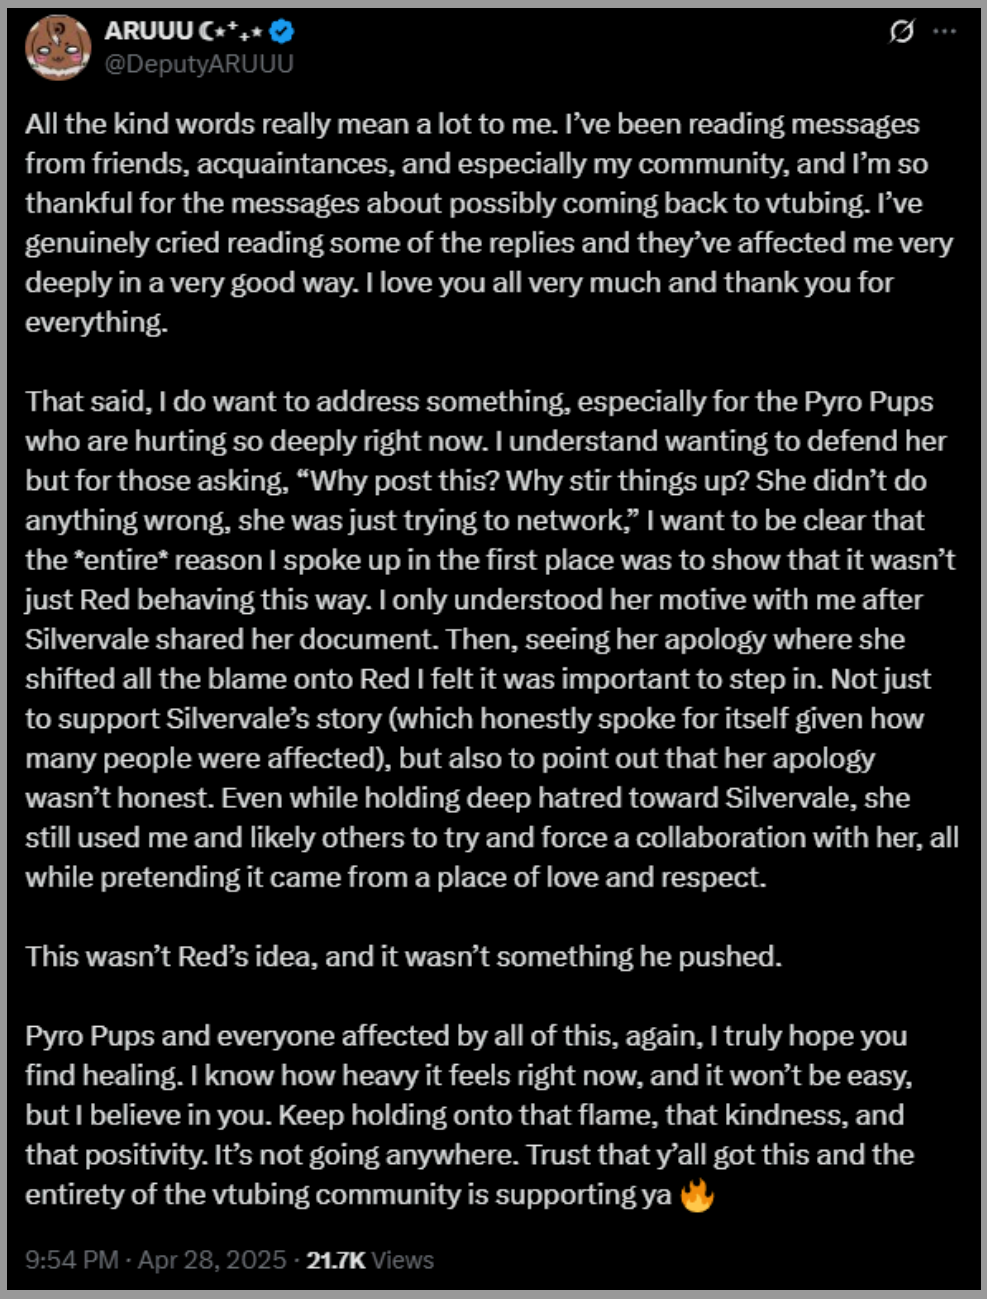
To the friends I pulled away from because I was trying to protect my peace—I'm sorry. I'd love the chance to reconnect and rebuild those friendships.

I started vtubing because I believed in the joy and creativity of this community. It's heartbreaking to see that spirit dimmed by people who take advantage of others' kindness. Hold them accountable. Call it out.

What I went through wasn't nearly as intense as what Nanoless experienced, but I do understand how hard it is to say no to a friend—especially when they make you feel like you're the only one who can help. I truly hope everyone affected by Sinder can heal and move forward. And I'm sorry for any negativity this situation has brought up from my side as well.



Posted after my apology on 4/28/2025 at 9:54 PM EST

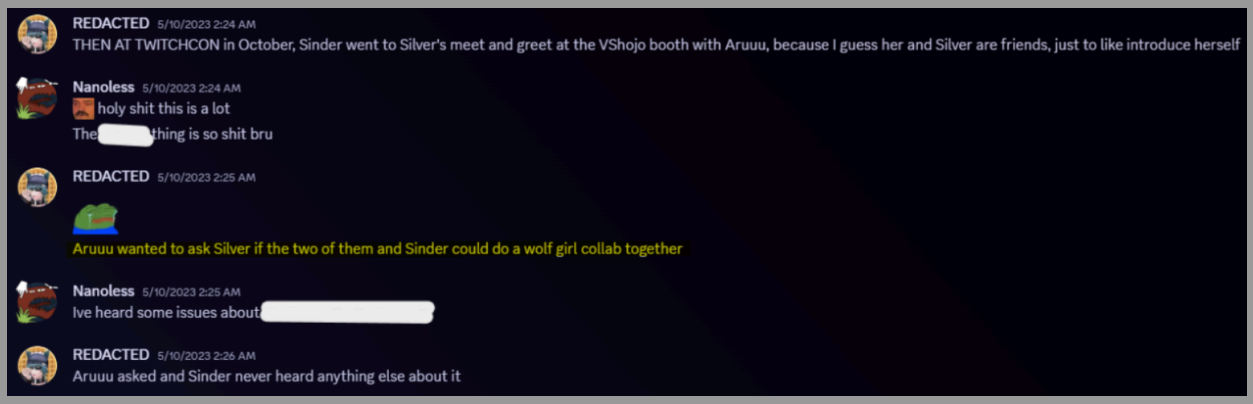


Aruuu took the opportunity to speak out against me and lie, claiming that I used her as a tool to get to Silvervale, and that's all she ever was to me.

I met Aruuu during a Twitch Rivals event in September of 2022, and I met her in person with Red at TwitchCon the following month. *At* the con, she mentioned that she knew Silvervale while we were sitting by the VShojo booth. This was the first time I learned this, and I didn't "notice they were mutuals" like she claimed. I told her I was planning to go to her meet and greet the next day. I had nothing against Silvervale at the time this happened, and I wasn't motivated to meet her by "deep hatred" like Aruuu claimed. I chose to invite Aruuu to come with me because I was nervous to see her myself, but I was going either way. Red was with us, but

he stepped away to the side when we saw Silver. While Aruuu, Red, and I were waiting in line, or right after the meet and greet, Aruuu was the one who suggested the idea of a “canine collab” between us two and Silver, even though she claimed “I pushed it onto her” in her tweet. Since it was a verbal conversation three years ago, I don’t have any evidence of this other than Red and I both being able to corroborate it.

However, Red told this exact thing to Nano in May of 2023:
5/10/2023



After the con, I asked Aruuu about the idea to see if she was serious, and she happily asked Silver about it. At the start of December, I asked Aruuu again about the collab to check if she’d heard anything about it. She said “Let me message her right now!”, which she admitted was a lie in her tweet. Aruuu never said anything else about it and I didn’t ask her again. This in no way changed my friendship or view of Aruuu. She said “by 2023 our interactions nearly stopped”, but yet we continued to message each other on and off over the next 8 months. I even asked her to voice in one of my lore videos in May of 2023, and when she was hesitant about being a part of it, I reassured her I still wanted her to be. It was around that time Aruuu fell out of vtubing and we grew apart. The last messages in our dms were from her asking me about doing the IT escape room at TwitchCon that year. Although I never replied to her directly, us and a group of friends *did* plan and do the Saw escape room there that year, which was organized in a separate Discord server.

I have no idea what she’s talking about in her tweet when saying “(Sinder) made it clear irl that she didn’t even like me.” I would see Aruuu at conventions and events, and every time I’ve interacted with her I always treated her as my friend. She hasn’t messaged me, and I haven’t messaged her. But *now* it’s because I was always just using her to get to Silvervale. I messaged her about the collab *she* had the idea for twice, ever, almost a year before we stopped talking. Silver had no obligation to do anything with us, and I didn’t hold the fact that the collab never happened against Aruuu. Her suddenly thinking she’d like to come back to vtubing, in the same tweet she lied about me when it was popular to do so, is extremely opportunistic.

Below are the entirety of my dms with Aruuu.

Everything is in chronological order, and all dates and times are in EST.
I've censored any private information or names of people who aren't directly involved.
Screenshots that include messages that were in any of the documents are highlighted with a red border.
Dates, and important messages within any screenshots, are highlighted in yellow.

Will you be going to the twitch party?
Sinder 9/25/2022 6:34 AM
I'd love to but Twitch denied me because I was on the front page during takeover week
ARUUU 9/25/2022 6:35 AM
WTF????
uh....
you're one of the biggest vtubers on the platform?
that makes no sense
Sinder 9/25/2022 6:38 AM
That's sweet of you to say
They said I needed to wait for my growth to "stabilize" but it's been pretty consistent so I'm kinda confused? But I was able to reapply a couple days ago! So there's a chance I can still get it before the con but with how long it takes them to go through the apps, I'm not expecting to hear back for another 2 months like last time
But it's okay because I can still meet up with everyone outside the party!

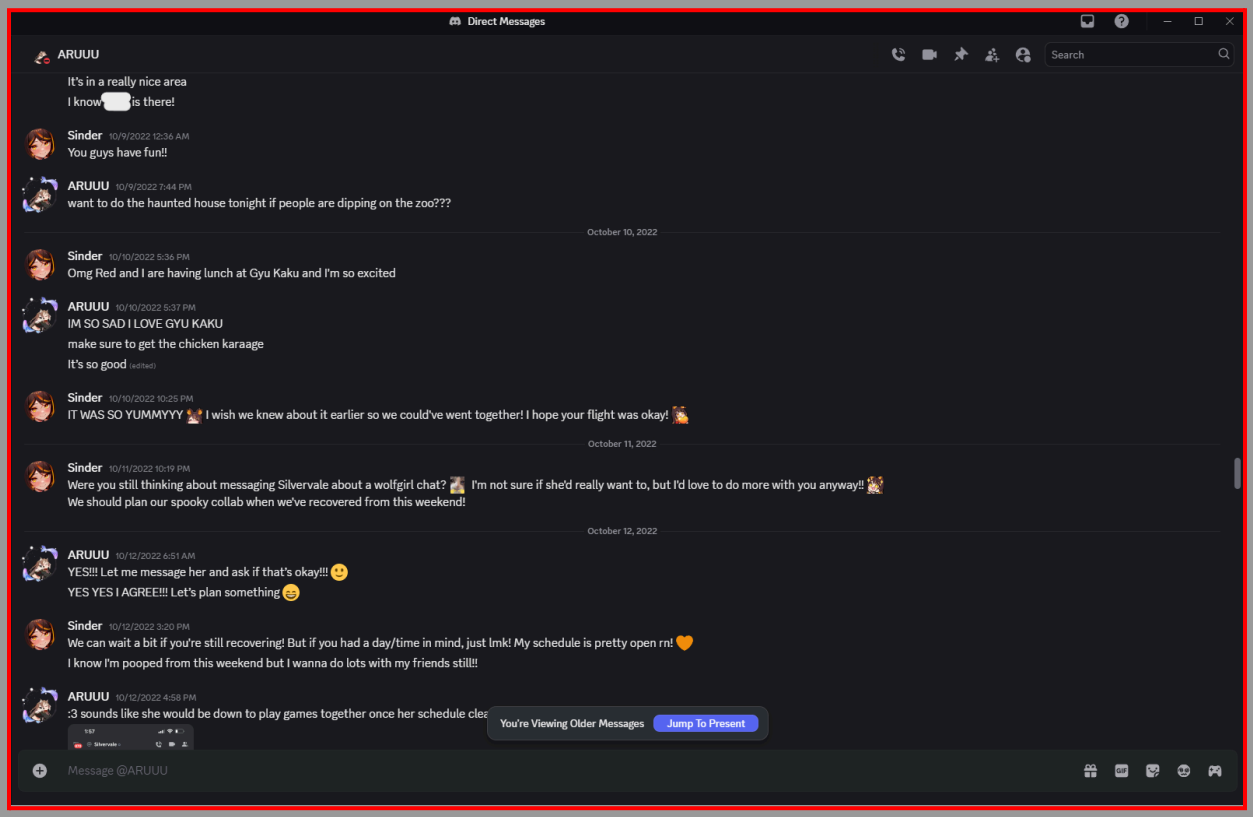
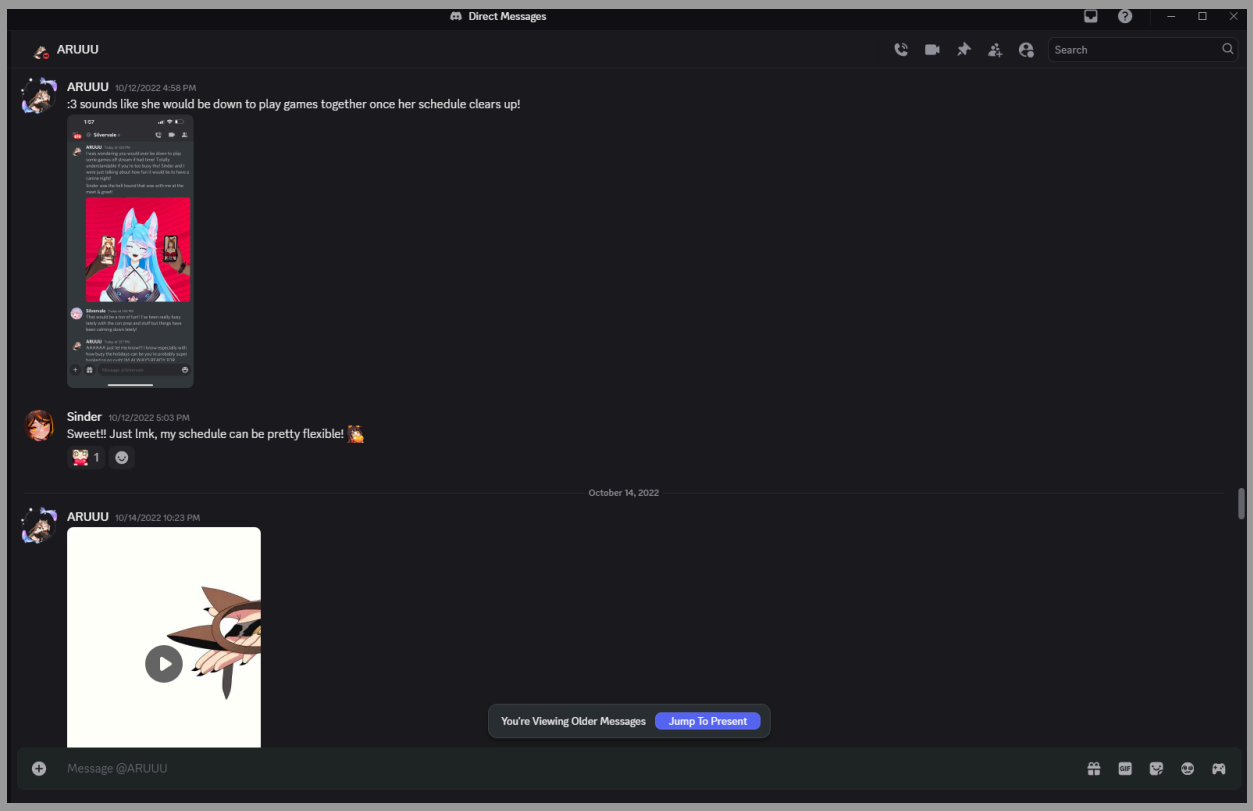
ask Silvervale about a collab together, which she did. I said “Were you still thinking about messaging Silvervale?” because the collab was her idea.





The screenshot of Aruuu's dms with Silver that she sent me. Silver never got back to Aruuu about this, and Aruuu never brought it up to me or Silver again.

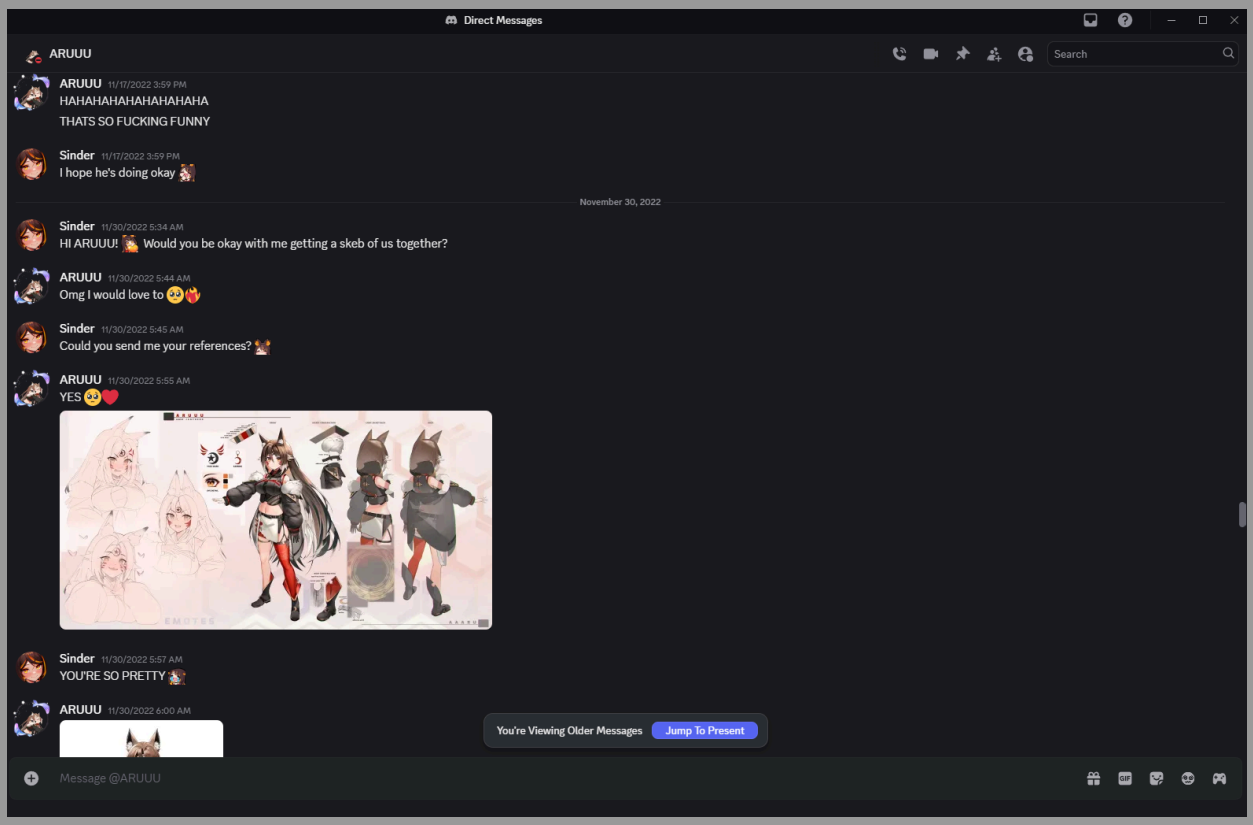
11/30/2022 - I asked Aruuu if she was okay with me getting a skeb of us together.



12/2/2022 - Almost two months after TwitchCon I asked Aruuu if she'd ever heard from Silvervale about the collab. In her tweet, she admitted she never actually asked Silver about it again, and neither of us brought it up after this. Two days earlier on 11/30/2022 I messaged Silver on Twitter about hanging out off stream, and doing so reminded me of the collab with Aruuu.

Would you wanna voice some short lines for my new debut lore video?
May 13, 2023
ARUUU 5/13/2023 3:28 AM
I would love that Sinder
Sinder 5/13/2023 10:05 AM
There's a part in the video where I'm overcome by negative thoughts and I figured it would be fun to get my friends involved to be the voices in my head
Kinda like hate comments, I have some examples if you want them LMAO
ARUUU 5/13/2023 1:53 PM
Oooooh I see the vision
Sinder 5/13/2023 2:12 PM
Here's a whole list I came up with! You can choose some from here or come up with your own
Just keep in mind that I'm sending everyone I asked to participate the same list, so if you could do a few to avoid too many duplicate lines, that'd be awesome!
. You'll never be good enough
. That's a stupid idea
. She's so boring
. You're just a copy
. This is what she calls music?
. You should stop trying
. It's all for nothing
. What you're doing is pointless
. Her voice is so annoying
. What a joke
. Try being original for once
. FUCK YOU
. YOU SUCK
. BOO YOU STINK

. She just got lucky
. No talent
. She's unwatchable
. Go back to hell
. She's just in it for the money
. She's so ugly
. You're a bitch
. Her laugh is weird
. You need to change
. You'll never succeed
. I wouldn't miss her if she disappeared
. You actually watch her?
ARUUU 5/13/2023 3:25 PM
I gotchu queen! I'll record 5
and you can choose whichever one works best!

Sinder 5/13/2023 5:05 PM

Hello Sinder, I don't really know what's been told behind closed doors by Yaki so considering all that's happened would you still want my voice in your lore video??? If you don't want to answer that's okay too. I just wanted to make sure because seems like everyone has an opinion on the situation

Sinder 6/6/2023 2:24 PM
Yes, I'd still love to have your voice be a part of it!
Sinder 6/6/2023 3:00 PM
I'm sorry I was meaning to check up on you sooner, but I'm sure you were going through a lot and getting bombarded with DMs
